

World Oceans Day Leaflet

This year's focus is 'Our Oceans, Our Future'.

Create a leaflet to inform people about the damage that is being done to our oceans and sea creatures. Include positive messages to explain changes people can make to help our oceans.

Decide who your leaflet is going to be aimed at. Use the space below to write some notes and important points that you will include in your design.

A large rectangular area with a black border, containing ten horizontal lines for writing notes and important points for the leaflet design.
