Alder Hey Symptom Checker

Last week, clinicians at Alder Hey have developed a new '[Symptom Checker](#)' to help parents and carers understand their poorly child's symptoms and what they can do for them.

The fast, easy to use and reliable online [Symptom Checker](#) offers parents and carers information on several of the most common symptoms in children requiring urgent care. Using the [Symptom Checker](#) will help parents and carers decide where best to get the right care for their child, be it at home, at their local chemist, walk-in centre or GP, or with a trip to Alder Hey's Emergency Department.

Dates may be subject to change - we will give parents as much notice as possible.

Extended After School Provision

From Monday 10th January 2022, we will be opening our new version of extended schools provision.

If you would like to book your child into these additional sessions, you must first book your child into an After School Club. After School Clubs finish at 4.30pm. The extended provision ends at 5.40pm. ***This service is for working parents.***

There is an additional charge for the extended provision and this has to be paid per half term, the same as After School Clubs, money is non-refundable. Both are on ParentPay but are under two separate headings, one for After School Clubs and one for Extended After School Provision. We will let you know full details when we return on 5th January as we don't know if new restrictions will be in place by then so would ask that no payments are made until we have up to date guidelines from the Government.

We will let you know clubs and prices on 5th January 2022.

Attendance

Well done to the 113 children who had a 100% attendance between 6th December and 22nd December.
